

# ANTI-VANDAL EQUIPMENT SMART+GUARD PROTECTIVE COVERS

SMART+GUARD

SMART+GUARD ENVIRO

## DESCRIPTION

The Smart+Guard is a tough polycarbonate hinged protective cover that can easily be installed over a range of emergency switches and other devices to provide protection from vandalism, accidental damage or misuse.

The Smart+Guard can also be fitted with an integral battery powered alarm, that, when lifted, emits an ear piercing 90 dB pre-alarm to warn the user that the device is for emergency use only and should not be tampered with.

The **Smart+Guard Enviro** is designed and engineered to provide protection for devices exposed to hostile environments:

Applications include off-shore, the food and beverage industry, swimming pools and leisure centres, underground installations and any area where exposure to the environment is likely to cause damage to control equipment or switching devices.

The Smart+Guard Range is also available in green, yellow, blue and white versions on special order.

## FEATURES

- Designed for ease of installation, the Smart+Guard can be fitted within minutes
- Smart design together with smart engineering deliver an aesthetically pleasing but tough retrofittable protective cover
- An optional battery powered 90 dB alarm can be fitted, thereby increasing the security and protection of the device it is safeguarding
- The alarmed Smart+Guard has a 3-year battery life and incorporates a low battery warning LED
- A optional break seal can be fitted as an added visible deterrent against misuse
- Three surface mounting spacers are available
  - 18 mm
  - 32 mm (standard)
  - 50 mm

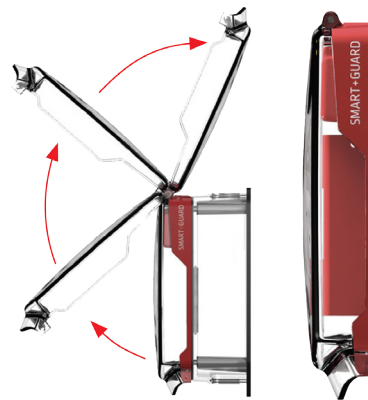

# ANTI-VANDAL EQUIPMENT SMART+GUARD PROTECTIVE COVERS
